<b>Source(s) of personal salary support</b>
State all your sources of salary funding (for example, through your organisation's block grant from a higher education funding body), and the percentage of your salary they contribute. Answer 'not applicable' if you are not currently employed.
<i>Your source of salary may affect your eligibility - please check the scheme webpage.</i>
<i>If your source of salary places any restrictions on intellectual property rights or publications arising from your research, contact us as this may also affect your eligibility.</i>

<b>Experience relevant to this proposal</b>
Summarise your key achievements and experience relevant to delivering the proposed project. (350 words max.)

<b>Career breaks</b>
Have you taken any career breaks or periods of part-time work, for example parental, long-term sick leave, carer responsibilities?
<i>We encourage applications from researchers who have taken career breaks. We want to ensure that any such breaks are taken into account when we consider your track record. State when and for what period you took a break, or were working part-time. We are not asking for the reasons for this break so please do not provide these here, including sharing any sensitive personal health information.</i>

<b>Provide details</b>

<b>Do you wish to undertake this award part-time?</b>
<i>We provide flexible research career opportunities. If you're applying for funding, you can request flexible and part-time working. This could be to help you manage family commitments or if you have individual needs which make undertaking an award full time challenging.</i>

*We always try to accommodate requests, as long as your employing organisation agrees to the working arrangement. Your Grants Adviser will contact you to acknowledge receipt of your application after the scheme application deadline; you should discuss any flexible working plans with them as early as possible. If you have any questions before you apply, please contact our Grants Information Desk.*

### **Career contributions**

What are your most important research-related contributions? These may be from any stage of your research career. State what each contribution was, when it came about, why you think it is important and what impact it has had. Examples include publications and impacts on policy and practice. (350 words max.)

### **Research outputs**

List up to 20 of your most significant research outputs; at least five of these must be from the last five years. For 10 of these outputs, provide a statement describing their significance and your contribution (up to 50 words maximum per output).

Research outputs may include (but are not limited to):

- Peer-reviewed publications and preprints;
- Policy guidelines or briefings;
- Datasets, software and research materials;
- Inventions, patents and commercial activity.

For original research publications, indicate those arising from Wellcome funded grants in bold, and provide the PubMed Central ID (PMCID) reference for each of these. You can find more information on this in the guidance to this question.

*Include here systematic reviews (e.g. Cochrane Reviews) and meta analyses, but exclude abstracts and literature reviews. We encourage you to include articles published via open research publishing platforms, such as Wellcome Open Research, providing they have passed peer review.*

*Only include preprints, complete manuscripts that have been submitted to a preprint repository or service (for example, bioRxiv, PeerJ Preprints, arXiv, SocArXiv or PsyArXiv), if they have a permanent identifier such as a DOI or arXiv identifier. Our open access policy requires all original peer-reviewed research papers, supported in whole or in part by our funding, to be made available through PubMed Central (PMC) and Europe PMC as soon as possible and in any event within six months of the journal publisher's official date of final publication.*

*The PubMed Central ID (PMCID) is the unique identifier assigned to every full text paper in PubMed Central (PMC) and Europe PMC.*

*We actively monitor compliance with our open access policy and we ask successful applicants to provide a full list of all their Wellcome-funded research papers, and confirm compliance by providing the PMCID identifier for these, before the award letter can be issued. You can find further guidance in our open access policy statement and authors' information.*

### **Current and recent research funding (including Wellcome grants)**

List all research funding you have held in the last five years and any key funding before then.

List the most recent first. State the name of the funder, name(s) of grantholder(s), title of the project, total amount awarded (and how much of this you received), your role in the project, and the start and end dates. State the percentage of your time spent on the research; if the grant is active state the number of hours per week that you spend on the research.

*Include details of any recurrent or core funding you have held. Explain your role in obtaining the funding. For example, whether you held them in your own right as lead applicant, coapplicant, or as part of a consortium.*

We look at your success in getting research funding when we assess your track record. We also want to understand how this proposal is distinct from other funding you hold.

## Applicants

Applicants should be actively involved in the project.

## **Details of proposal**

### **Project summary**

Provide a summary of your proposed project.  
(200 words max.)

### **Leadership**

Provide details of how as a group you:

- will share leadership responsibilities;
- have experience in running a research programme or network, or of delivering complex projects;
- have working relationships with each other through previous collaborations or shared research interests.

Refer to the scheme page for guidance.

*You may provide your answer in text entry format or as a PDF attachment. If you are uploading your answer, the uploaded document must be in 11 point Arial font and portrait format.*

*References are not required in this section but you may provide them. They will count towards your word limit.*

*Only include figures/tables that are directly relevant to your proposed research. These will not count towards the word count but if you want to include them you will need to upload your answer rather than using the text box.*

(500 words max.)

## Management

Describe how your group will:

- support the participants;
- manage issues involved in an exchange programme;
- select participants, with consideration to their level of experience and your commitment to equality and inclusion;
- support a positive research culture and share best practice.

Refer to the scheme page for guidance.

## Statement of Commitment

**Statement of commitment - host organisations**  
 All applicants (lead applicant and co-applicants) must provide statements of commitment from their host organisations when they apply.

This section is not for personal or professional references. Statements of support from referees should be provided in the appropriate part of the application form.

Upload this additional information as a single PDF.

*These statements must show that all of the organisations and senior leaders involved are committed to delivering and sustaining the programme.*

*Statements must include a commitment to:*

- *dedicated time away from other duties for the programme leaders*
- *career development opportunities for all staff employed on the grant.*

*Examples of other ways in which organisations can show commitment include:*

- *additional administrative and operational resources*
- *relevant networks or expertise to support the programme.*

*The organisation should tell us why the proposed award is a clear fit within its overall vision.*

*These statements must show that the space and resources you need have been agreed and will be made available to you from the start date through to the end date of your award.*

*If your organisation is in a high-income country, you'll need to show significant additional resource commitment, either from your own organisation or from another funder.*
