Source(s) of personal salary support

Career contributions What are your most important research-related contributions to your field to date? These may include contributions to health policy or practice, or to technology or product discovery and development. (350 words max.)

Peer-reviewed publications and other research outputs List up to 20 of your most significant peer-reviewed publications, preprints, or other scholarly research outputs, e.g. patents. Please ensure that at least five of these are from the last five years. For 10 of these outputs, you may also provide a statement describing their significance (up to 50 words per output). *Please give citation in full, including title of paper and all authors*. Citations to preprints should state "Preprint", the repository name and the articles persistent identifier (e.g DOI).* *(*All authors, unless more than 10, in which case please use 'et al', ensuring that your position as author remains clear.)*

Total number of peer-reviewed publications which you have authored/co-authored. Please exclude abstracts and literature reviews.	

Current and recent research funding (including Wellcome Trust grants)
Please list all held in the last five years and any key prior grants (list the most recent first). State the name of the awarding body, name(s) of grantholder(s), title of project, amounts awarded, your role in the project, and start and end dates of support. For all active grants, indicate the number of hours per week that are spent on each project.

Details of proposal

Summary
Summarise the equipment, resource, technology, LPS core support, or LPS enabling structure requested.
(200 words max.)

Biomedical Resource, Multi-user Equipment and Technology Development applicants only:

Outline the community need for the resource/technology/multi-user item of equipment
Please list the names of potential users (including applicants) and indicate how the resource/technology/multi-user equipment will enhance their research. For non-applicants, please also state employing organisation and main sources of funding.*

*The Trust anticipates that items of multi-user equipment will be used primarily, but not exclusively, by Trust-funded researchers. Where a significant proportion of users of the equipment are not Trust-funded, we would expect applicants to consider seeking appropriate financial contributions from alternative sources, including other funding bodies.
(300 words max.)

LPS applicants only:

Outline the community need and value of the resource
If applying for core support for an LPS, please describe how it meets the quality criteria. Refer to guidance.
If applying for enabling structures for LPS, please describe how it maximises the value of LPS and/or their data.
(1000 words max.)

Unmet need
Provide details of similar resources/technologies/items of equipment/studies that are available to you (specifically for equipment, available either locally or nationally) and describe the unmet need(s) that this proposal will address.
(300 words max.)

<table>
<tr><td></td></tr>
</table>

Management
Briefly describe how the equipment, resource, technology or LPS will be managed and plans for long term sustainability.
(300 words max.)

Technology Development, Multi-user Equipment and LPS applicants only:

Contributions Please list all financial contributions, or equivalent, provided by the host organisation or other sources. This includes confirmed or potential co-funding. Please refer to guidance notes.				
Contributor	**Details of contribution**	**Confirmed or expected**	**Value**	**Currency**
				-

Brief justification for financial support requested For example, where salary support is requested, detail the types of posts that these costs relate to (200 words max.)

Institutional support

Supporting statement from host organisation Please attach a supporting statement from the host organisation, signed by an appropriate senior authority, indicating the contributions, financial or otherwise, that will be provided by the organisation and/or other sources, if appropriate. For **biomedical resource and LPS** grant applications, please ensure that the statement demonstrates the host organisation's commitment to the longer-term sustainability of the resource. For **multi-user equipment** grant applications, please ensure that the statement includes an indication as to how the request for equipment fits with the overall strategic context of the organisation, taking into consideration regional and national contexts, if appropriate. Please note that letters of support, other than that requested above, will not be included with your preliminary application for consideration by the Committee. It is important therefore to ensure that all essential information is included within the preliminary application form.
